Granting accreditation reflects confidence, based on evidence from this recent survey that you meet, and will continue to demonstrate throughout the accreditation term, the attributes of an accreditable organization, as reflected in the standards found in the *Accreditation Handbook for Ambulatory Health Care*. The dedication and effort necessary for an organization to be accredited is substantial and the compliance with those standards implies a commitment to continual self-evaluation and continuous improvement. If your organization was required to submit a plan for improvement, receipt of this letter denotes acceptance of the plan for improvement.

We hope the survey has been beneficial to your organization in identifying its strengths and opportunities to improve. AAAHC trusts that you will continue to find the accreditation experience meaningful, not only from the benefit of having carefully reviewed your own operation, but also from the recognition brought by your participation in this survey process.

Members of your organization should take time to review your Survey Report, which may arrive separately:

- Any standard marked “PC” (Partially Compliant) or “NC” (Non-Compliant) must be corrected promptly. Subsequent surveys by the AAAHC will seek evidence that deficiencies from this survey were addressed without delay.
- The Summary Table provides an overview of compliance for each chapter applicable to the organization.
- Statements in the “Consultative Comments” sections of the report represent the educational component of the survey. Such comments may provide helpful guidance for improvement.
- As a guide to the ongoing process of self-evaluation, periodic review of the Survey Report and the current year’s *Handbook* will ensure the organization’s ongoing compliance with the standards throughout the term of accreditation.

AAAHC policies and procedures and standards are revised on an annual basis, such revisions become effective March 1 each year. Accredited organizations are required to maintain their operations in compliance with the current AAAHC standards and policies. Therefore, the organization is encouraged to visit the AAAHC website, [www.aaahc.org](http://www.aaahc.org), for information pertaining to any revisions to AAAHC policies and procedures and standards.

In order to ensure continuation of accreditation, your organization should submit an application for survey approximately five months prior to your accreditation expiration. According to our *Accreditation Handbook*,

*Currently-accredited organizations must complete and submit the Application for Survey, supporting documentation, and application fee for their subsequent full accreditation survey (referred to as a re-accreditation survey). Please visit [www.aaahc.org](http://www.aaahc.org) to complete the Application for Survey and for further information. After review of an organization’s completed Application for Survey and supporting documentation, the AAAHC will contact the organization to establish survey dates. To prevent a lapse in accreditation, an organization should ensure that all documentation is submitted to the AAAHC at least five (5) months prior to its accreditation expiration date. In states where accreditation is mandated by law, an organization should submit the completed Application for Survey and other required documentation a minimum of six (6) months prior to its accreditation expiration date.*
